RK Stage,Bring You A Colorful Life!

>>>Company profile

Rack in the Cases Limited(RK) is the wholly-owned subsidiary of BlueGiant Group. It runs a professional flight case, stage system and truss facilities in manufacturing and marketing. Currently, RK have three manufacturings bases in Taishan, Dongguan, Foshan respectively with more than 1000 employees. With 14 years of experience in audio & staging business, as well as continuously creative new production, RK's products have been up to the international standards. Its China sales headquarter locates in 2802 WorldTradePlaza, Futian District, Shenzhen, China.

Line up with the goal “One case, Racking the world”, RK supplies high quality service for customers. Take the “brandeffect” as mission, Rk commits to selling his products all over the world.

Explanation of company logo

Primary meaning:

RK=RACK, it reflects the main product of Rack in the Cases Limited. RACK CASE is a major kind of flight case, and also a general term of flight cases. The moral of it, RK is going to be the pioneer of flight case in the world .

Secondary meaning:

R= RIVER, the letter “R” in the logo performances like flowing river. The moral of it, RK will shine more gloriously and have a long history.

Main products: flight case, stage, lighting truss, dance floor, various kinds of bleacher, and so on.

Lead by a manager with decades of design experience, our R&D team is on hand to handle OEM/ODM, We strictly implement the ISO 9001:2008 and get the German TUV Certificate. We adhere to "people-oriented, customer first, continuous innovation", and "professionalism".

Since 2009, we have changed our marketing strategy to looking for RK Sole Agent. currently, we have 7 agents in the world, and the annual sales revenue is above 4.5million US dollars. Since 2011, we are looking for secondary agent in the world.

“One World, One Stage, One RK” commits building world-famous brand as RK's mission, high quality, good service and win-win policy as operation principle.
